

Session Program

1-5 Jul 2019

7th International Conference on Attosecond Science and Technology

High-harmonic generation in solids and liquids

University of Szeged Congress Centre
Ady Square 10., 6722 Szeged, Hungary

Tuesday 2 July

08:30

High-harmonic generation in solids and liquids: #4

Session | Location: University of Szeged Congress Centre, Ady Square 10., 6722 Szeged, Hungary

08:30-09:00 **Fundamentals of High-harmonics from Solids**

Speaker

Dr Shambhu Ghimire

09:00-09:30 **Terahertz Lightwave Control of Solids and Single Molecules**

Speaker

Prof. Rupert Huber

09:30-09:45 **Generation of EUV Pulses from Liquid Sheets**

Speaker

Mrs Mary R. Matthews

09:45-10:00 **Mapping Electric Fields with Solid-state High Harmonic Generation**

Speaker

Dr Marco Taucher

10:00-10:15 **Ionization-driven Harmonic Generation in Solids**

Speaker

Dr Anton Husakou

10:15
