## Fundamentals of High-harmonics from Solids

*Tuesday 2 July 2019 08:30 (30 minutes)*

This talk provides a brief overview of recent progress in understanding the fundamentals of solid-state HHG. It also includes details of an experiment, where a robust interferometric approach is employed to characterize high-harmonics from bulk crystals.

**Author:** Dr GHIMIRE, Shambhu (Stanford PULSE Institute, SLAC National Accelerator Laboratory)

**Presenter:** Dr GHIMIRE, Shambhu (Stanford PULSE Institute, SLAC National Accelerator Laboratory)

**Session Classification:** High-harmonic generation in solids and liquids
