Photon Momentum, Spin and Magnetic Quantum Number in Tunnelionization

Friday 5 July 2019 10:45 (30 minutes)

We will show that spin and magnetic quantum number influence tunneling and will discuss new results on non-dipole effects.

Author: Prof. DÖRNER, Reinhard (Goethe University)

Presenter: Prof. DÖRNER, Reinhard (Goethe University)

Session Classification: Mapping of ultrafast quantum dynamics in solids and liquids
